### Course Introduction

**Advanced Trade Union Leadership Training Course** is designed to empower participants with modern leadership capabilities that align with global labor standards, sustainable workplace practices, and emerging employment trends. Participants will gain practical knowledge in handling complex workplace disputes, policy negotiations, labor rights protection, occupational health and safety, and stakeholder engagement in both public and private sectors.

Through real-world case studies, collaborative workshops, simulations, and practical action planning, participants will develop the competencies required to lead unions effectively in a highly competitive and technology-driven environment. The course equips leaders to navigate globalization, labor reforms, automation, remote work dynamics, and changing workforce demographics while strengthening worker representation and organizational influence.

### Programme Curriculum

#### Advanced Trade Union Leadership Training Course

##### Introduction

**Advanced Trade Union Leadership Training Course** is designed to empower participants with modern leadership capabilities that align with global labor standards, sustainable workplace practices, and emerging employment trends. Participants will gain practical knowledge in handling complex workplace disputes, policy negotiations, labor rights protection, occupational health and safety, and stakeholder engagement in both public and private sectors.

Through real-world case studies, collaborative workshops, simulations, and practical action planning, participants will develop the competencies required to lead unions effectively in a highly competitive and technology-driven environment.
