

Coaching Conversations for Support Supervisors Training Course

Professional Development Training Course Outline

Category	Customer Service and Customer Experience	Duration	5 Days
Base Fee	\$1,500 USD	Delivery Mode	Online / On-site Hybrid

Course Introduction

In today’s fast-paced and customer-centric business environment, effective leadership is no longer limited to managerial oversight; it hinges on the ability to coach, mentor, and inspire support teams. Coaching Conversations for Support Supervisors Training Course is designed to equip supervisors with the critical skills, communication strategies, and behavioral insights needed to enhance team performance, foster accountability, and drive measurable outcomes. This program emphasizes practical, action-oriented coaching techniques, empowering supervisors to transform routine interactions into high-impact coaching conversations that motivate and develop their teams.

By combining real-world case studies, interactive exercises, and scenario-based learning, this course ensures that participants not only understand coaching principles but also apply them effectively in their daily roles. Participants will learn how to identify performance gaps, provide constructive feedback, cultivate a culture of continuous improvement, and build resilient, high-performing teams. With a strong focus on emotional intelligence, active listening, and behavioral change, this training equips support supervisors to become transformational leaders who inspire engagement, enhance team productivity, and drive organizational success.

Programme Curriculum

Coaching Conversations for Support Supervisors Training Course

Introduction

In today’s fast-paced and customer-centric business environment, effective leadership is no longer limited to managerial oversight; it hinges on the ability to coach, mentor, and inspire support teams. Coaching Conversations for Support Supervisors Training Course is designed to equip supervisors with the critical skills,

communication strategies, and behavioral insights needed to enhance team performance, foster accountability, and drive measurable outcomes. This program emphasizes practical, action-oriented coaching techniques, empowering supervisors to transform routine interactions into high-impact coaching conversations that motivate and develop their teams.

By combining real-world case studies, interactive exercises, and scenario-based learning, this course ensures that participants not only understand coaching principles but also apply them effectively in their daily roles. Participants will learn how to identify performance gaps, provide constructive feedback, cultivate a culture of continuous improvement, and build resilient, high-performing teams. With a strong focus on emotional intelligence, active listening, and behavioral change, this training equips support supervisors to become transformational leaders who inspire engagement, enhance team productivity, and drive organizational success.
