

ESG Reputation Management Training Course

Professional Development Training Course Outline

Category	General Training	Duration	5 Days
Base Fee	\$1,500 USD	Delivery Mode	Online / On-site Hybrid

Course Introduction

In today's rapidly evolving corporate landscape, ESG (Environmental, Social, and Governance) Reputation Management has become a critical driver of business sustainability, investor confidence, and brand trust. Organizations are increasingly evaluated not only on financial performance but also on their climate action, social responsibility, ethical governance, stakeholder transparency, and sustainability reporting. ESG Reputation Management Training Course equips professionals with the strategic tools, frameworks, and real-world insights needed to build, protect, and enhance ESG reputation in a digital-first, stakeholder-driven economy.

The course explores how ESG reputation influences brand equity, corporate trust, investor relations, regulatory compliance, and crisis resilience. Participants will learn how to manage ESG risks, communicate sustainability impact, counter reputational threats such as greenwashing accusations, and leverage ESG data for strategic advantage. With growing pressure from regulators, ESG rating agencies, consumers, and global investors, mastering ESG reputation management is no longer optional it is a core leadership competency for future-ready organizations.
