

Financial Management for Trade Unions Training Course

Professional Development Training Course Outline

Category	Trade Unions	Duration	5 Days
Base Fee	\$1,500 USD	Delivery Mode	Online / On-site Hybrid

Course Introduction

The modern labor movement faces a paradigm shift where financial resilience is as critical as collective bargaining power. In an era defined by digital transformation and socio-economic volatility, trade unions must move beyond basic bookkeeping to embrace strategic financial oversight and fiduciary accountability. Financial Management for Trade Unions Training Course provides the analytical tools required to manage member subscriptions, investment portfolios, and strike funds with the highest degree of transparency and ethical governance.

Beyond mere compliance, this program empowers union officials to leverage financial data for evidence-based advocacy and long-term sustainability. By integrating FinTech solutions and sustainable investment frameworks, unions can protect their assets against inflation while funding innovative services for precarious and young workers (Samaluk, 2026). Participants will master the art of balancing social missions with fiscal discipline to ensure the union remains a formidable and permanent institution in the global market.
