

Gender Lens Public Policy Innovation Training Course

Professional Development Training Course Outline

Category	Public Sector Innovation	Duration	5 Days
Base Fee	\$1,500 USD	Delivery Mode	Online / On-site Hybrid

Course Introduction

Gender Lens Public Policy Innovation Training Course is designed to equip public policy professionals, government officials, and social sector leaders with the essential tools to integrate gender perspectives into policymaking processes. This course emphasizes strategic frameworks, evidence-based approaches, and innovative methodologies to ensure policies are inclusive, equitable, and sustainable. Participants will learn how to assess existing policies, identify gaps through a gender lens, and design impactful programs that address the needs of diverse populations. With a strong focus on innovation, this course also explores the latest global trends, frameworks, and policy instruments to drive systemic change in public governance.

The training offers a comprehensive blend of theoretical knowledge, practical applications, and case-based learning to foster critical thinking and policy innovation. Through interactive sessions, participants will engage with real-world scenarios, analyze successful gender-responsive policy initiatives, and develop actionable strategies that can be implemented within their organizations. This course is tailored to enhance participants' capacity for leadership, advocacy, and strategic decision-making, positioning them as change agents in the public policy ecosystem.
