

Internal Auditing for British Retail Consortium (BRCGS) Training Course

Professional Development Training Course Outline

Category	Food processing and Technology	Duration	5 Days
Base Fee	\$1,500 USD	Delivery Mode	Online / On-site Hybrid

Course Introduction

Internal auditing within the framework of the British Retail Consortium Global Standard (BRCGS) is a critical process that ensures organizations in the food, packaging, and consumer products industries maintain compliance, transparency, and continuous improvement. Internal Auditing for British Retail Consortium (BRCGS) Training Course equips participants with practical skills in audit planning, execution, reporting, and follow-up. With global supply chains under constant scrutiny, robust internal audits support brand integrity, risk mitigation, and customer trust. By combining international best practices with sector-specific requirements, this program empowers professionals to conduct audits aligned with evolving regulatory and industry standards.

As organizations face growing challenges from regulatory changes, customer demands, and competitive markets, the need for highly skilled internal auditors has never been greater. This course provides participants with the tools to effectively assess processes, identify non-conformities, and recommend corrective actions. Incorporating practical exercises, case studies, and interactive methodologies, it not only enhances auditing skills but also strengthens understanding of BRCGS principles. The training ensures participants gain industry-recognized expertise that contributes to organizational resilience, compliance, and continuous quality improvement.

Programme Curriculum

Internal Auditing for British Retail Consortium (BRCGS) Training Course

Introduction

Internal auditing within the framework of the British Retail Consortium Global Standard (BRCGS) is a critical process that ensures organizations in the food, packaging, and consumer products industries maintain

compliance, transparency, and continuous improvement. Internal Auditing for British Retail Consortium (BRCGS) Training Course equips participants with practical skills in audit planning, execution, reporting, and follow-up. With global supply chains under constant scrutiny, robust internal audits support brand integrity, risk mitigation, and customer trust. By combining international best practices with sector-specific requirements, this program empowers professionals to conduct audits aligned with evolving regulatory and industry standards.

As organizations face growing challenges from regulatory changes, customer demands, and competitive markets, the need for highly skilled internal auditors has never been greater. This course provides participants with the tools to effectively assess processes, identify non-conformities, and recommend corrective actions. Incorporating practical exercises, case studies, and interactive methodologies, it not only enhances auditing skills but also strengthens understanding of BRCGS principles. The training ensures participants gain industry-recognized expertise that contributes to organizational resilience, compliance, and continuous quality improvement.

Course Objectives

1. Understand the core requirements of the BRCGS Global Standard.
2. Learn effective internal audit planning and preparation.
3. Apply risk-based approaches to auditing.
4. Develop interviewing and evidence-gathering techniques.
