

Persona Development for Support Strategies Training Course

Professional Development Training Course Outline

Category	Customer Service and Customer Experience	Duration	5 Days
Base Fee	\$1,500 USD	Delivery Mode	Online / On-site Hybrid

Course Introduction

In today’s customer-centric landscape, businesses thrive by understanding their audience at a granular level. Persona Development for Support Strategies Training Course equips support teams, managers, and stakeholders with the tools to craft detailed, data-driven customer personas. By leveraging behavioral insights, demographic trends, and real-time feedback, participants will learn how to enhance customer experience, optimize support workflows, and deliver personalized solutions that resonate with diverse customer segments.

This training course emphasizes practical applications, blending research techniques, analytics, and hands-on exercises to create actionable personas. Participants will gain a deep understanding of customer needs, pain points, and expectations, translating these insights into effective support strategies. By the end of the course, attendees will be empowered to design support interventions that not only resolve issues but also proactively enhance customer satisfaction, loyalty, and retention.
