

PPP Transaction Advisory Skills Training Course

Professional Development Training Course Outline

Category	General Training	Duration	5 Days
Base Fee	\$1,500 USD	Delivery Mode	Online / On-site Hybrid

Course Introduction

Public-Private Partnerships transaction advisory skills are essential for professionals responsible for structuring, evaluating, negotiating, procuring, and implementing complex infrastructure and public-service projects. Public-Private Partnerships Transaction Advisory Skills Training Course provides practical expertise in Public-Private Partnerships transaction structuring, project finance, financial modelling, commercial due diligence, risk allocation, value-for-money assessment, procurement strategy, bankability analysis, contract negotiation, and financial close. Participants will develop the ability to transform infrastructure concepts into commercially viable, investment-ready Public-Private Partnerships while aligning public-sector objectives with private-investor requirements.

The course also examines international Public-Private Partnerships frameworks, transaction management, stakeholder engagement, market sounding, tender evaluation, concession design, financing structures, and contract management. Through practical exercises and global case studies, participants will strengthen their ability to identify transaction risks, develop robust advisory strategies, assess investor appetite, and support successful financial and contractual outcomes. The programme is designed around current infrastructure investment trends, sustainable financing, climate-resilient infrastructure, digital transformation, and innovative Public-Private Partnerships delivery models.

Programme Curriculum

Public-Private Partnerships Transaction Advisory Skills Training Course

Introduction

Public-Private Partnerships transaction advisory skills are essential for professionals responsible for structuring, evaluating, negotiating, procuring, and implementing complex infrastructure and public-service projects. Public-Private Partnerships Transaction Advisory Skills Training Course provides practical expertise in Public-Private Partnerships transaction structuring, project finance, financial modelling, commercial due diligence, risk

allocation, value-for-money assessment, procurement strategy, bankability analysis, contract negotiation, and financial close. Participants will develop the ability to transform infrastructure concepts into commercially viable, investment-ready Public-Private Partnerships while aligning public-sector objectives with private-investor requirements.

The course also examines international Public-Private Partnerships frameworks, transaction management, stakeholder engagement, market sounding, tender evaluation, concession design, financing structures, and contract management. Through practical exercises and global case studies, participants will strengthen their ability to identify transaction risks, develop robust advisory strategies, assess investor appetite, and support successful financial and contractual outcomes. The programme is designed around current infrastructure investment trends, sustainable financing, climate-resilient infrastructure, digital transformation, and innovative Public-Private Partnerships delivery models.

Course Objectives

By the end of the course, participants will be able to:

1. Apply advanced Public-Private Partnerships transaction advisory principles.
2. Develop bankable and investment-ready infrastructure transactions.
3. Conduct commercial, technical, legal, and financial due diligence.
4. Evaluate project feasibility, affordability, and value for money.
5. Develop sophisticated Public-Private Partnerships financial models.
6. Structure appropriate financing and revenue mechanisms.
7. Identify, quantify, and allocate transaction risks.
8. Design competitive and transparent procurement strategies.
9. Assess market appetite and investor requirements.
10. Strengthen negotiation and contract structuring capabilities.
11. Manage stakeholder engagement and transaction communications.
12. Apply international Public-Private Partnerships standards and best practices.
13. Support successful financial close and transaction implementation.

Organizational Benefits

- Improved Public-Private Partnerships transaction structuring capabilities.
