

Social Entrepreneurship through Cooperative Models Training Course

Professional Development Training Course Outline

Category	Cooperative Societies	Duration	5 Days
Base Fee	\$1,500 USD	Delivery Mode	Online / On-site Hybrid

Course Introduction

In an era of growing inequality and shifting economic paradigms, social entrepreneurship has emerged as a transformative approach to achieving sustainable development and community empowerment. Training Course on Social Entrepreneurship through Cooperative Models is designed to equip changemakers, community leaders, and development professionals with practical knowledge on how to leverage cooperative models to drive inclusive economic growth, foster social innovation, and create impact-driven enterprises.

By integrating the principles of social value creation, participatory governance, and inclusive finance, this training focuses on how cooperatives can serve as effective vehicles for social entrepreneurship. Participants will explore real-world case studies, gain practical tools, and develop strategies for launching or scaling cooperative social ventures that address pressing local and global challenges.

Programme Curriculum

Social Entrepreneurship through Cooperative Models Training Course

Introduction

In an era of growing inequality and shifting economic paradigms, social entrepreneurship has emerged as a transformative approach to achieving sustainable development and community empowerment. Social Entrepreneurship through Cooperative Models Training Course equips changemakers, community leaders, and development professionals with practical knowledge on how to leverage cooperative models to drive inclusive economic growth, foster social innovation, and create impact-driven enterprises.

By integrating the principles of social value creation, participatory governance, and inclusive finance, this training focuses on how cooperatives can serve as effective vehicles for social entrepreneurship. Participants will explore real-world case studies, gain practical tools, and develop strategies for launching or scaling cooperative social ventures that address

pressing local and global challenges.

Course Objectives

1. Understand the principles of social entrepreneurship and cooperative business models.
2. Explore the synergy between social innovation and collective ownership.
3. Learn how to form, structure, and legally register cooperatives for social impact.
4. Analyze successful cooperative startups and what drives their sustainability.
5. Build capacity in participatory leadership and democratic decision-making.
6. Gain skills in impact measurement and social return on investment (SROI).
7. Explore funding mechanisms like crowdfunding, impact investment, and microfinance.
8. Understand regulatory and policy frameworks affecting cooperatives globally.
9. Design scalable and replicable social enterprise models through co-ops.
10. Apply digital tools and platforms for enhancing cooperative visibility and outreach.
11. Foster inclusive economic development through community-based entrepreneurship.
12. Navigate challenges in stakeholder engagement and conflict resolution.
13. Develop an actionable business plan for a cooperative-based social enterprise.

Target Audience

1. Social Entrepreneurs
2. Development Practitioners
3. NGO Leaders
4. Government Officers
5. Youth Leaders and Activists
6. Cooperative Movement Members
7. Impact Investors
8. Business Students and Academics

Course Duration: 5 days
