

Training Course on Hospitality and Tourism Safety and Health

Professional Development Training Course Outline

Category	Occupational Health	Duration	5 Days
Base Fee	\$1,500 USD	Delivery Mode	Online / On-site Hybrid

Course Introduction

Training Course on Hospitality and Tourism Safety and Health is designed to equip professionals with essential skills to manage safety protocols, health regulations, and risk management practices across hotels, restaurants, travel agencies, tour operations, and recreational establishments. With the rise of global travel, post-pandemic regulations, and guest safety expectations, it is critical for employees and managers to stay updated with international standards, compliance requirements, and customer-centric safety strategies.

This course integrates practical risk assessment tools, public health safety guidelines, and emergency response systems tailored to the unique challenges in the hospitality and tourism sector. Participants will benefit from real-world case studies, industry certifications, and scenario-based learning to ensure readiness in dealing with emergencies, preventing accidents, and promoting a culture of health and safety.

Programme Curriculum

Training Course on Hospitality and Tourism Safety and Health

Introduction

Training Course on Hospitality and Tourism Safety and Health is designed to equip professionals with essential skills to manage safety protocols, health regulations, and risk management practices across hotels, restaurants, travel agencies, tour operations, and recreational establishments. With the rise of global travel, post-pandemic regulations, and guest safety expectations, it is critical for employees and managers to stay updated with international standards, compliance requirements, and customer-centric safety strategies.

This course integrates practical risk assessment tools, public health safety guidelines, and emergency response systems tailored to the unique challenges in the hospitality and tourism sector. Participants will benefit from real-world case studies, industry certifications, and scenario-based learning to ensure readiness in dealing with emergencies, preventing accidents, and promoting a culture of health and safety.

Course Objectives

1. Understand legal frameworks governing hospitality and tourism safety compliance.
2. Identify and mitigate health risks in hospitality environments.
3. Implement emergency preparedness and evacuation planning.
4. Assess workplace hazards using modern risk assessment tools.
5. Apply food safety and sanitation protocols in hospitality settings.
6. Develop infection control procedures post-COVID-19.
7. Promote guest and employee safety through proactive training.
8. Design crisis communication strategies for incident management.
9. Execute fire safety procedures and response tactics.
10. Utilize data-driven safety audits and compliance monitoring.
11. Create sustainable health and hygiene policies for tourism services.
12. Foster a culture of wellness and mental health in the workplace.
13. Align business practices with global safety and health standards.
