

Training Course on Managing Performance with OKR (Objectives and Key Results)

Professional Development Training Course Outline

Category	Development	Duration	10 Days
Base Fee	\$3,000 USD	Delivery Mode	Online / On-site Hybrid

Course Introduction

In today’s fast-paced and innovation-driven business landscape, aligning individual and team performance with strategic goals is crucial for sustainable success. **Training Course on Managing Performance with OKR (Objectives and Key Results)** empowers professionals and leaders with cutting-edge tools and frameworks to boost organizational agility, drive accountability, and amplify productivity. By mastering OKRs, organizations can transition from traditional performance management to a transparent, measurable, and agile goal-setting culture that fosters growth and excellence.

This course blends **modern performance metrics**, agile principles, and real-world case studies to help participants set ambitious yet achievable objectives, track key results effectively, and facilitate data-driven decision-making. By integrating OKRs into organizational strategy, participants will learn how to align cross-functional teams, improve engagement, and accelerate goal execution. Designed for modern enterprises and startups alike, this program emphasizes high-impact performance alignment, transparency, and continuous improvement.
