

Worker Cooperatives: Employee Ownership Models and Transitions Training Course

Professional Development Training Course Outline

Category	Cooperative Societies	Duration	5 Days
Base Fee	\$1,500 USD	Delivery Mode	Online / On-site Hybrid

Course Introduction

In today's rapidly evolving economy, worker cooperatives have emerged as resilient, inclusive, and sustainable business models that promote employee ownership, economic democracy, and shared responsibility. Training Course on Worker Cooperatives: Employee Ownership Models and Transitions explores the dynamic world of worker cooperatives, empowering participants with the knowledge to understand cooperative principles, navigate ownership transitions, and implement employee-centered governance structures.

As economic inequality and job insecurity continue to rise globally, there is growing interest in cooperative entrepreneurship, employee stock ownership plans (ESOPs), and inclusive business transitions. This course is designed to equip policymakers, entrepreneurs, HR leaders, and cooperative developers with practical strategies and real-world tools to foster cooperative business transformations and sustainable economic empowerment.

Programme Curriculum

Worker Cooperatives: Employee Ownership Models and Transitions Training Course

Introduction

In today's rapidly evolving economy, worker cooperatives have emerged as resilient, inclusive, and sustainable business models that promote employee ownership, economic democracy, and shared responsibility. Worker Cooperatives: Employee Ownership Models and Transitions Training Course explores the dynamic world of worker cooperatives, empowering participants with the knowledge to understand cooperative principles, navigate ownership transitions, and implement employee-centered governance structures.

As economic inequality and job insecurity continue to rise globally, there is growing interest in cooperative entrepreneurship, employee stock ownership plans (ESOPs), and inclusive business transitions. This course is designed to equip policymakers, entrepreneurs, HR leaders, and cooperative developers with practical strategies and real-world tools to

foster cooperative business transformations and sustainable economic empowerment.

Course Objectives

1. Understand the fundamentals of worker-owned cooperatives and their global impact.
2. Explore the legal structures supporting employee-owned businesses.
3. Analyze the economic advantages of cooperative business models.
4. Learn best practices for cooperative governance and leadership.
5. Evaluate strategies for business succession through cooperatives.
6. Examine case studies of successful co-op conversions.
7. Identify barriers and solutions to cooperative financing.
8. Discover models of employee stock ownership plans (ESOPs).
9. Learn techniques for inclusive stakeholder engagement.
10. Explore digital tools for cooperative management and communication.
11. Assess policy frameworks that enable democratic workplaces.
12. Develop skills to train others in employee ownership transitions.
13. Design a blueprint for launching or converting a business into a worker cooperative.

Target Audiences:

1. Entrepreneurs and small business owners
2. Cooperative developers
3. Government policymakers
4. HR and employee relations managers
5. Social economy advocates
6. Business consultants
7. Labor union leaders
8. Nonprofit and social enterprise leaders

Course Duration: 5 days
